

Mailplus Express Cheque Deposit

Save your staff from having to run out of the office to deposit the banking. Especially if it involves them standing in endless queues or travelling to a branch far, far away.

Mailplus takes care all your banking needs. Whether express deposit or over-the-counter banking, we can collect it from your office at a convenient time and deposit it at your bank - cost effectively.

Mailplus, acutely aware of security concerns of its customers, have instigated the following safeguards:

- Tamper proof satchels and numbered individual security seals.
- Daily lodgement register and meaningful monthly reporting.
- The best safeguard is that each operator owns his own business; his own capital and income are reliant on his honesty and reliability.

We can't promise to wipe bank queues out or stop banks closing branches; however Mailplus can limit the effect this has on your business.
